The Appalachian History Museum was established to support the history of 96 years of the Appalachian Fair.

Featuring a series of Period Rooms:

And a fair favorite: a Country Store where you can purchase a selection of period candy favorites!

An Upper East Tennessee barn has been reproduced, displaying a hayfork, wheat cradle, hand tools, and a collection of horse drawn equipment. Men will be on hand to explain how the equipment worked.

Other items on display: an 1870 Mail Truck, a 1929 Antique Car, and much more!

Working Craftsmen will be on hand to demonstrate basket weaving, quilting, and other period crafts.

A collection of historical photos and past media will be shown on a continuous loop while you tour the building.

Private tours can be set-up by emailing appalachianfair@gmail.com!

A reception will be held on Saturday, August 20th from 2-5pm in the Museum. All Media is invited to attend as a thank you for your support of the 96 years of the Appalachian Fair
